

## **BORROWING A MOBILE HOTSPOT**

- Keep for one week; renew up to five times if no one is waiting.
- Must be an Oak Park Public Library cardholder.
- 4G device connects WiFi-enabled smartphones, tablets, and laptops to the internet from any location within Sprint's 4G coverage area.
- One hotspot connects up to 10 WiFi-enabled devices; a fully charged device lasts about six hours.
- Check out and return at service desks in all three buildings. Replacement cost is \$80.
- Comes in a zipped bag with power cord, adaptor, and instruction card.

## **CONNECT TO THE INTERNET WITH THE ZTE WARP CONNECT HOTSPOT:**

- First, turn on the ZTE Warp Connect using the button on the bottom right side of the device.
- Check the top left corner of the screen for the bars that indicate it's getting a signal.
- With your device's WiFi turned on, view the list of available wireless (WiFi) networks.
- Select the network that begins with "SprintHotspot."
- Click "Connect."
- When prompted by your device, enter the password as shown on the label on the back of the hotspot. It begins with "5E."
- Once your WiFi-enabled device is successfully connected to your ZTE Warp Connect, launch your web browser.
- Connect up to 10 WiFi-enabled devices.
- Check the charge indicator on the top right of the screen. If needed, use the included cable to plug device into an outlet to charge.
- For further information, see the Quick Start Guide included in the pack.
- If you run into trouble, call Sprint first at 401.934.0500.

## **CAN RECIPROCAL BORROWERS CHECK OUT A HOTSPOT?**

Currently, hotspots are available only for Oak Park Public Library cardholders. Looking for options? Communities including Chicago and Forest Park offer mobile hotspots to their library cardholders.
